## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-4 are allowed.

The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention and finds that the combined claims define over the prior art. The cited prior art does not disclose or suggest a process to form a metal oxide semiconductor transistor inter alia the limitations "...a plurality of first isolation structures disposed between the neighboring stacked structures of memory cells in the memory cell area, the first isolation structure comprising: a first liner disposed on sidewalls of the tunneling layer and the floating gate and a surface of the first trench; a first isolation layer covering the first liner, at least filling the first trenches; at least one stacked device structure disposed between two neighboring second trenches in the peripheral circuit area over the substrate, the stacked device structure comprising at least a gate dielectric layer and a gate layer, wherein the gate dielectric layer covers part of the substrate; a plurality of second isolation structures disposed between neighboring stacked device structures in the peripheral circuit, the second isolation structure comprising: a second liner disposed on a sidewall of the gate dielectric layer, a surface of the second trenches and a surface of the substrate not covered by the gate dielectric layer, the second liner having a round curve at an area not covered by the gate dielectric layer...."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chuong A. Luu whose telephone number is (571) 272-1902. The examiner can normally be reached on M-F (6:15-2:45).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David C. Nelms can be reached on (571) 272-1787. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
